## Ross Thompson

is arguably one of Australia's greatest cattle breeders operating the "Millah Murrah" Angus stud with his family. He often uses the

word "balance" and he has a unique God given gift of combining modern cattle genetic advances with the timeless art of breeding an animal with superb structure and classic maternal traits. In the beef industry Ross has few equals, Millah Murrah has set a suite of sale records and four times has set the individual price record for Angus. It would be hard to undersell Ross's gift as a breeder. He is married to Dimity, has three daughters and attends Bathurst Presbyterian Church. Ross loves the Lord Jesus and three years ago publicly gave the Lord thanks for his success at his annual sale from the sale rostrum. He is a humble man who simply weaves his faith into his life as a cattle breeder and considers himself blessed.
